Chairman's Statement

Dear shareholders,

I am pleased to present herewith the Interim Report of the Company for 2011.

FINANCIAL RESULTS

For the six months ended 30th June, 2011, the Group achieved an unaudited consolidated profit attributable to shareholders of HK\$1,092.6 million, an increase of over 3.6 times as compared with the profit of HK\$232.8 million (as restated) recorded in the last corresponding period. The significant improvement in the profit attained was mainly attributable to the outstanding results achieved by Paliburg Holdings Limited, the listed subsidiary of the Group, during the period.

DIVIDENDS

In view of the satisfactory results achieved, the Directors have declared the payment of an interim dividend of HK0.5 cent (2010 – HK0.4 cent) and a special interim cash dividend of HK1.0 cent (2010 – Nil), aggregating to HK1.5 cents (2010 – HK0.4 cent) per ordinary share for the financial year ending 31st December, 2011, absorbing a total amount of approximately HK\$48.7 million (2010 – HK\$9.6 million), payable to holders of ordinary shares on the Register of Ordinary Shareholders on 11th October, 2011.

BUSINESS OVERVIEW

Following the successful implementation of the rights issue in November 2010 and the exercise by the holders of most of the 2011 warrants of the Company before their expiry date in January this year, the capital base as well as the financial strength of the Group have been substantially enhanced. While the Group has adhered to a prudent approach in the assessment of investment proposals, the Group has always stayed alert for any appropriate investment opportunities that can serve to expand and diversify its assets portfolio.

In June 2011, the Group acquired on the market, through one of its wholly owned subsidiaries, approximately 29.9% of the issued shares of KH Investment Holdings Limited. KH Investment is a company listed on the GEM Board in Hong Kong and is principally engaged in business operations relating to media and entertainment, comprising artist management and film production and distribution, and infrared consultancy services.

After the acquisition of the strategic block of shareholdings in KH Investment, the Group first announced in July 2011 a voluntary conditional cash offer for, among others, all of the issued shares of KH Investment at a price of HK\$0.25 per share, being the highest price paid by the Group for the acquisition of the shares in KH Investment. Assuming that all the issued shares of KH Investment not then owned by the Group will accept the offer, including the additional shares in KH Investment falling to be issued on exercise or conversion in full of the outstanding share options and convertible loan notes of KH Investment, the maximum amount of cash required to effect the offers would be approximately HK\$102 million.

Subsequent to the despatch of the relevant offer documents in August 2011, the Group has further acquired additional shares in KH Investment at prices below the share offer price on the market. As a result, the Group's holding of shares in KH Investment has increased from approximately 29.9% to approximately 30.3%. Accordingly, the offers made by the Group have become mandatory and are only conditional upon valid acceptances having been received in respect of the shares in KH Investment which, together with the shares already held by the Group, constitute more than 50% of the voting rights of KH Investment.

Chairman's Statement (Cont'd)

The Group is interested in the existing business of KH Investment. It is the Group's intention to acquire a majority interest in KH Investment under the offers, which represent a strategic investment opportunity for the Group. Shareholders of the Company will be kept informed of the future development in this regard.

As at the half year end date, the Company beneficially held approximately 58.6% of the issued shares of Paliburg. Paliburg held approximately 49.4% of Regal Hotels International Holdings Limited that, in turn, owned approximately 74.5% of the issued units of Regal Real Estate Investment Trust.

The financial results and operating performance of Paliburg, Regal and Regal REIT during the period under review are set out below.

PALIBURG HOLDINGS LIMITED

For the six months ended 30th June, 2011, Paliburg achieved an unaudited consolidated profit attributable to shareholders of HK\$1,831.3 million, which was an increase of more than 3.5 times over the HK\$403.9 million (as restated) recorded in the comparative period in 2010. The achievement of such outstanding results was largely attributable to the profit contributed by the joint development project at Larvotto in Ap Lei Chau, Hong Kong.

PROPERTIES

The Paliburg group has a 30% interest in Larvotto, the luxury residential development project at Ap Lei Chau Inland Lot No.129, Hong Kong. Up to 30th June, 2011, most of the residential units, apart from a small number of special featured apartment units, and a majority of the carparks have been sold for aggregate sale consideration exceeding HK\$16 billion. The profit attributable to the Paliburg group from this development with respect to units sold up to 30th June, 2011 has been fully reflected in the interim results under review.

In April 2011, the Paliburg group formally established with Regal the 50:50 owned joint venture company, Flourish Lead Investments Limited, for the development of real estate projects for sale and/or leasing.

In furtherance of the business objective of Flourish Lead and so as to benefit from the professional expertise of Regal in the development and operation of hotels, the Paliburg group sold to Flourish Lead in May 2011 the two development sites located in Sheung Wan district in Hong Kong, which are both planned to be developed as hotels. Later in June 2011, Flourish Lead entered into a sale and purchase agreement for the acquisition of 70% effective interests in the composite development project then undertaken by the jointly controlled entity that is 50:50 owned by each of Regal and Cosmopolitan International Holdings Limited in Xindu District, Chengdu City, Sichuan Province, the People's Republic of China. More recently, a wholly owned subsidiary of Flourish Lead entered into an agreement earlier this month with an independent third party vendor for the purchase of the development properties located in Merlin Street, North Point, Hong Kong, which are also planned to be developed into a hotel.

Shareholders could refer to the section headed "Management Discussion and Analysis" in this Interim Report for details of these development properties acquired by Flourish Lead.

CONSTRUCTION AND BUILDING RELATED BUSINESSES

The Paliburg group operates a comprehensive range of construction and other building related businesses. The construction industry in Hong Kong overall remained very competitive and operators were also faced with challenges from rising labour and other costs. Although business volume has relatively contracted, these business units have managed to operate steadily and profitably during the period.

OTHER INVESTMENTS

As at 30th June, 2011, the Paliburg group held, as long term strategic investments, 17.1% of the issued shares of Cosmopolitan and certain convertible bonds issued by the Cosmopolitan group.

With the substantial cash reserves on hand and the low interest environment that is expected to persist in the near term, the Paliburg group will take prudent steps to expand its investments in listed securities and other strategic opportunities, with a view to enhancing the yield on the cash surplus.

REGAL HOTELS INTERNATIONAL HOLDINGS LIMITED

For the six months ended 30th June, 2011, Regal achieved an unaudited consolidated profit attributable to shareholders of HK\$420.9 million, representing an increase of approximately 7.2% over the profit of HK\$392.7 million (as restated) recorded for the comparative period in 2010.

During the period under review, there were very positive improvements in the results of the Regal group's hotel operations in Hong Kong. In addition, there were gains from share of profits of jointly controlled entities of over HK\$600 million, primarily derived from the transaction relating to the sale to Flourish Lead of 70% effective interest in the composite development project in Chengdu, Sichuan by a jointly controlled entity that is 50%-owned by the Regal group. These have more than offset the accounting losses which arose from the change in the fair values of Regal group's long term holding in the convertible bonds and shares of Cosmopolitan and the depreciation amount now required to be provided on its hotel properties in Hong Kong, both of which however have no cash flow impact on the Regal group.

HOTELS

HOTEL MARKET OVERVIEW

During the period, the global economy has generally rebounded. However, the pace of recovery remains unbalanced, with the economies of emerging markets growing much faster than the developed countries. Towards the end of the second quarter, concerns over the sovereign debt ceiling and credit rating of the United States of America intensified and the European sovereign debt crises deepened. The second round of the quantitative easing in the United States phased out in June but its effects are still yet to be seen. In China, the government has continued to carry out prudent monetary policies with improved macro control to combat rising asset prices and mounting inflationary pressures. With the beginning of China's Twelfth Five-Year Plan, the growth in its Gross Domestic Product was maintained at a high level of approximately 9.6% in the first six months of 2011.

The total number of visitor arrivals to Hong Kong during the first half of 2011 climbed to 19.3 million or a year-on-year increase of 14.7%. Visitor arrivals from major long-haul and short-haul markets continued on an upward trend, with those from the Mainland registering the strongest growth at 21.1% to reach 12.7 million, which accounted for 65.7% of the total visitor arrivals to Hong Kong. The growing volume and the increasing affluence of the visitors from China have provided strong support to the hotel industry in Hong Kong, both in terms of occupancy level as well as achieved average rates.

Based on the Hotel Survey published by Hong Kong Tourism Board, the average hotel room occupancy for all surveyed hotels in different categories in Hong Kong for the first six months of 2011 was 88%, a year-on-year increase of about 4.8%, while average achieved room rate improved by about 16.8%.

HOTEL OWNERSHIP

The Regal group's hotel ownership business is undertaken through Regal REIT, which is 74.5% held by the Regal group.

For the six months ended 30th June, 2011, Regal REIT attained an unaudited consolidated net profit before distribution to its unitholders of approximately HK\$1,957.6 million, as compared to the profit of HK\$325.2 million (as restated) recorded for the corresponding period in 2010. The surge in its reported profit was principally attributable to the increase in the fair values of the hotels which are leased to a wholly owned subsidiary of the Regal group and classified in the financial statements of Regal REIT as investment properties.

The rental package payable by the Regal group to Regal REIT for the five Regal Hotels in Hong Kong, namely, the Regal Airport Hotel, the Regal Hongkong Hotel, the Regal Kowloon Hotel, the Regal Oriental Hotel and the Regal Riverside Hotel, for 2011 was determined by the independent professional valuer jointly appointed by the Regal group and Regal REIT at an aggregate base rent of HK\$560 million, with equal sharing on the excess net property income. The aggregate net property income of these five hotels for the six months has exceeded the prorated base rent by approximately HK\$78.2 million and based on their operating results achieved so far, additional sharing of excess net property income for the second half of the year is anticipated. The market rental package for 2012 is being determined and based on present market trends and business projections, it is expected that the market rental package to be determined for these five Regal Hotels for 2012 could be notably higher than the rental level determined for 2011.

The sixth and the latest Regal Hotel in Hong Kong, the Regal iClub Hotel in Wanchai, is owned and itself operated by Regal REIT, and managed by the Regal group's wholly owned management subsidiary. This hotel began full operation in December 2010 and has since been very well received by business travellers. During the period, its average room occupancy was maintained at a high level of about 93.3%, with average achieved room rate and Revenue per Available Room (RevPAR) having grown by 38.8% and 44.7%, respectively, as compared with the same period last year.

Regal Portfolio Management Limited, a wholly owned subsidiary of the Regal group, acts as the REIT Manager of Regal REIT.

HOTEL OPERATIONS

The five Regal Hotels in Hong Kong operated by the Regal group as lessee have all produced satisfactory results. For the period under review, the combined average occupancy rate of these five hotels has increased by about 8.1% to 89.1%, while combined average room rate has increased by about 18.8% to HK\$866.6 per day, which overall enhanced the combined RevPAR by about 28.4%, as compared with the corresponding half year period in 2010.

The Regal group will continue to invest in the renovation and upgrading of the hotel properties as well as in the strengthening and upgrading of the hotels' marketing and reservation platforms, with a view to achieving further yield enhancement.

HOTEL MANAGEMENT

All the six Regal Hotels in Hong Kong are managed by Regal Hotels International Limited, a wholly owned subsidiary of the Regal group.

In China, the Regal group has continued to invest substantial efforts to extend its hotel network through the securing of new management contracts and, in this regard, has been successful in progressively enlarging the geographical coverage as well as the overall size of the Regal Hotels portfolio.

The Regal Plaza Hotel & Residence in Waigaoqiao Free Trade Zone in Pudong, Shanghai, a hotel with service apartments offering a total of 282 units, was soft opened in April 2011. Also in April this year, the Regal group entered into an agreement for the management of the Regal Royale Hotel in Kunshan, Jiangsu. This hotel will be the first Regal Royale branded property and will feature as the 5-star premium and luxury brand of the Regal Hotels group. The Regal Royale Hotel, Kunshan, with around 300 guestrooms and suites, will be contemporary in design and is scheduled to be opened in 2013. Recently, the Regal group has entered into another agreement to provide full-range pre-opening consultancy and hotel management services to a hotel property being developed at Dongxi Lake District, in close proximity to the new central business district in Wuhan, Hubei. The hotel will be a 5-star hotel with about 330 guestrooms and planned to be opened in the second half of 2014.

Overall, the Regal group presently manages six hotels under operation in China, four of which are in Shanghai. The other hotel properties for which management services contracts have been signed, which are now at different stages of development, include one in Zhengzhou, one in Suzhou, one in Foshan, one other in Chengdu and, more recently, the two in Kunshan and Wuhan, respectively. These hotels have been scheduled to come on stream progressively during the course of the next few years. Certain other hotel management contracts are in the pipeline and could be expected to be secured from time to time.

PROPERTIES

The property market in Hong Kong remained relatively buoyant in the early part of the year. Due to the continuing tightening of market liquidity and credit terms and, more lately, the increased volatility and uncertainty in the financial and capital markets worldwide, the local property market is beginning to consolidate after a long rally. However, the economy of Hong Kong is diverse and resilient and is well supported by its close link with Mainland China. The Regal group believes that, despite there will be uncertainties in the short term, the longer term prospects of the property market in Hong Kong are still optimistic.

Due to the scarcity of supply in luxury residential properties in Hong Kong Island South, the Regal group has elected to hold on to most of the remaining houses in Regalia Bay, Stanley, unless satisfactory prices are offered. During the period this year to date, the Regal group has bought back 3 houses and sold a total of 4 houses in Regalia Bay. The Regal group still presently owns 19 houses in Regalia Bay, in addition to those houses contracted to be sold and pending completion.

OTHER INVESTMENTS

As part of its core businesses, the Regal group maintains a substantial investment portfolio consisting primarily of listed investments, including certain strategic holdings in a number of listed entities. The Regal group holds within this portfolio as long term strategic investments, significant amount of convertible bonds issued by the Cosmopolitan group, apart from a minor holding in the shares of Cosmopolitan.

OUTLOOK

REGAL GROUP

Despite the recent volatilities and uncertainties overshadowing the international financial and capital markets, the hotel market in Hong Kong will continue to benefit from the improved tourism infrastructure of Hong Kong, the gradual recovery of the long-haul markets, the positioning of Hong Kong as an Offshore Renminbi Centre, the closer link with the Mainland, the rolling out of the Twelfth Five-Year Plan of China and, particularly, the growing number of visitors from Mainland China. Outlook of the hotel market in the second half of this year, and indeed in the years beyond, remains very positive.

Through the joint venture with Paliburg, the Regal group is in the course of developing three new hotels in Hong Kong to capture the growing demand for hotel accommodations in Hong Kong. In the meantime, the Regal group is expanding its hotel network in Mainland China principally through new hotel management contracts. The Regal group will continue to build up its strategic hotel portfolio, focusing primarily in Hong Kong and PRC, with a view to increasing its overall market prominence.

With the solid backing of its strong cash resources, the Regal group will actively review new investment and acquisition opportunities, but will remain prudent in the process in view of the recent volatility in the international financial market.

PALIBURG GROUP

The investment in the Larvotto development project has contributed very sizable profits and cash proceeds to the Paliburg group. The Paliburg group is debt free and commanding substantial cash reserves. Through the joint venture with Regal, the Paliburg group has taken active steps to replenish its development land bank. Under the present market circumstances and the generally tightened market liquidity, the Paliburg group expects that more lucrative opportunities will become available, whether in the property or in other investment sectors. With its very strong financial position, the Paliburg group is well-poised to capitalise on these new investment opportunities, with a view to generating for shareholders satisfactory equity returns in the coming years.

CENTURY CITY GROUP

The Group itself is also free of borrowings and has considerable cash resources. The Group will continue to actively explore investment opportunities in various business sectors, particularly those that are complementary to or bearing synergies with the existing businesses undertaken by the Century City Group as a whole. In the meantime, the Group has acquired, as a separate strategic investment, a sizable equity position in KH Investment and has consequently launched the offers for KH Investment. If the offers are successful and subject to the results of its operational and financial review, the Group may consider to having KH Investment diversifying into other investment and businesses, including media and communications businesses, to broaden the income base.

Overall, the Directors remain optimistic that the Century City Group will be able to sustain continuing growth and prosperity.

Management Discussion and Analysis

BUSINESS REVIEW

The Group's significant investments and principal business activities mainly comprise property development and investment, construction and building related businesses and other investments including, in particular, its interests in Regal Hotels International Hotels Limited ("RHIHL"), the listed associate of the Company, which are held through Paliburg Holdings Limited ("PHL"), the listed subsidiary of the Company. The operational review of PHL during the period and its business prospects are contained in the preceding Chairman's Statement.

The significant investments and business interests of RHIHL comprise hotel ownership through Regal Real Estate Investment Trust ("Regal REIT") (the listed subsidiary of RHIHL), hotel operation and management businesses, the asset management of Regal REIT, property development and investment, including the interest in the retained houses in Regalia Bay in Stanley, and other investment businesses. The performance of RHIHL's hotel, property and other investment businesses as well as that of Regal REIT during the period under review, the commentary on the local hotel industry and changes in general market conditions and the potential impact on their operating performance and future prospects are also contained in the Chairman's Statement.

The Group has no immediate plans for material investments or capital assets, other than those as disclosed in the sections headed "Business Overview" and "Outlook" in the preceding Chairman's Statement.

Other Investments

The PHL group holds, as long term strategic investments, 17.1% of the issued shares of Cosmopolitan International Holdings Limited ("Cosmopolitan") and certain convertible bonds issued by the Cosmopolitan group. Due to the decreased market price of the Cosmopolitan shares as compared with that prevailing as at 31st December, 2010, the fair value losses on financial assets recorded in the interim results under review were mostly attributable to the PHL group's investments in Cosmopolitan. Nevertheless, based on the market price of the Cosmopolitan shares as at 30th June, 2011, the aggregate fair values of the shares and convertible bonds held in Cosmopolitan are still substantially higher than their original acquisition costs.

New Joint Venture – Flourish Lead Investments Limited

Flourish Lead Investments Limited ("Flourish Lead") is a 50:50 owned joint venture established by PHL and RHIHL, with maximum total capital commitment presently capped at HK\$3,800 million. The maximum capital commitment for each of PHL and RHIHL is HK\$1,900 million, which is to be contributed by a pro-rata basis in accordance with their respective shareholdings in Flourish Lead. Since its establishment in April 2011, Flourish Lead has acquired a number of property development projects. Further information relating to such property development projects is set out below:

Nos.132-140 Bonham Strand and

Nos.5-7 Bonham Strand West and Nos.169-171 Wing Lok Street, Sheung Wan, Hong Kong

First, in May 2011, Flourish Lead acquired two development sites from the PHL group for an aggregate transaction consideration of HK\$752 million, which was equivalent to the then market valuations of the properties as appraised by an independent professional valuer appointed by Flourish Lead.

The development site at Nos.132-140 Bonham Strand has a site area of approximately 5,430 square feet and the plans for the development of a hotel with 240 guestrooms and suites with gross floor area of approximately 77,450 square feet have been approved.

Management Discussion and Analysis (Cont'd)

The other development site is constituted by two adjoining properties at Nos.5-7 Bonham Strand West and Nos.169-171 Wing Lok Street having an aggregate site area of approximately 3,710 square feet. The general building plans for the development of a hotel with 98 guestrooms and suites, with total gross floor area of approximately 56,350 square feet, have also been recently approved.

Composite development project at Xindu District, Chengdu, Sichuan, the People's Republic of China

The 70% interest in this property project was acquired in June 2011 from the jointly controlled entity that is 50:50 owned by the RHIHL group and Cosmopolitan. The consideration payable by Flourish Lead for the 70% interest in the property project was based on an agreed value of HK\$1,000 million, representing a discount of 12% to the appraised value as at 29th June, 2011 of RMB1,350 million for the whole property project, carried out by an independent professional valuer jointly engaged by the jointly controlled entity and Flourish Lead. Details of this transaction were contained in the joint announcement of the Company dated 30th June, 2011.

This composite development project in Chengdu has an overall total gross floor area of approximately 5,360,000 square feet and will be developed in stages. The first stage now primarily comprises a five-star hotel and three residential towers, to be constructed on two separate land parcels. The hotel will have 306 hotel rooms and extensive facilities, with total gross floor area above ground of approximately 438,000 square feet. Superstructural works for the hotel development have progressed steadily and the first phase of hotel is presently scheduled to be soft opened in the fourth quarter of 2012. The three residential towers included in the first stage will have about 340 apartment units with car parks and some ancillary commercial accommodation, commanding total gross floor area of approximately 489,000 square feet. Basement works for this part of the development have commenced, with overall construction works scheduled to be completed also in the fourth quarter of 2012. Presale of the residential units is anticipated to be launched in the first quarter of 2012. Development works for the other stages are planned to be carried out progressively.

Nos.14-20 Merlin Street, North Point, Hong Kong

The sale and purchase agreement for the purchase of the subject properties was entered into with an independent third party vendor in August 2011. The sale and purchase is expected to be completed in September 2011 when vacant possession of the properties is delivered by the vendor. The properties have an aggregate site area of approximately 5,300 square feet and are planned to be developed into a hotel with about 350 guestrooms and suites, with total gross floor area of approximately 73,730 square feet.

Other Joint Venture – Hang Fok Properties Limited

The joint development project in the Central Business District in Beijing, the People's Republic of China (the "PRC") is held through Hang Fok Properties Limited, an associate that is 50% owned by each of the PHL group and the RHIHL group. As previously reported, a further provision has been made at the associate's level in the financial year ended 31st December, 2010 due to the adverse circumstances encountered. The interest effectively held by the Group in this development project is now being carried in the consolidated financial statements of the Group at an insignificant amount. Nevertheless, the Group's management will persist in striving to protect the Group's interest in the project and to salvage potential value. Shareholders will be kept informed if any substantive progress in this respect can be achieved.

FINANCIAL REVIEW

CAPITAL AND FUNDING

Funding and Treasury Policy

The Group adopts a prudent funding and treasury policy with regard to its overall business operations. Property development projects are financed partly by internal resources and partly by bank financing. Project financing is normally arranged in local currency to cover a part of the land cost and a major portion or the entire amount of the construction cost, with interest calculated by reference to the interbank offered rates and the loan maturity tied in to the estimated project completion date.

As the Group's banking facilities were all denominated in Hong Kong dollar currency, being the same currency in which the Group's major revenues are derived, and with interest primarily determined with reference to interbank offered rates, no hedging instruments for currency or interest rates purposes have been deployed during the period under review.

Cash Flow

Net cash flows from operating activities during the period under review amounted to HK\$151.6 million (2010 – net cash flows used in operating activities of HK\$183.9 million). Net cash flows from investing activities amounted to HK\$1,401.0 million (2010 – HK\$60.0 million) during the period, which were principally attributable to the distribution from the joint development project at Larvotto in Ap Lei Chau, Hong Kong. Net interest receipt for the period amounted to HK\$4.6 million (2010 – HK\$0.9 million).

Borrowings

As at 30th June, 2011, the Group had cash and bank balances and deposits of HK\$2,297.6 million and no borrowings (31st December, 2010 – HK\$567.2 million and no borrowings).

The Group has no contingent liability as at 30th June, 2011. Details of the Group's pledge of assets, which have not changed materially from that disclosed in the most recently published annual report of the Company for the year ended 31st December, 2010, are shown in note 14 to the condensed consolidated financial statements.

Share Capital

During the period under review, as previously reported, a total of 449,559,232 new ordinary shares of the Company were allotted and issued to the holders of the then existing 2011 Warrants of the Company ("2011 Warrants") who exercised the subscription rights in an aggregate amount of HK\$215,788,436.58 attaching to the 2011 Warrants at the adjusted subscription price of HK\$0.48 per ordinary share. The then outstanding 2011 Warrants carrying aggregate subscription rights of HK\$7,214,265.04 were not exercised by 4:00 p.m. on 11th January, 2011, the expiry date of the subscription rights, and lapsed. The listing of the 2011 Warrants was withdrawn with effect from the close of trading hours of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 11th January, 2011.

The share options granted to a Director of the Company under "The Century City International Holdings Limited Share Option Scheme" of the Company ("Century Share Option Scheme") on 12th May, 2005, which entitled the holder thereof to subscribe for a total of 35,840,000 new ordinary shares at the adjusted exercise price of HK\$1.172 per ordinary share (subject to adjustment), lapsed on the expiry of the exercise period of the share options on 11th May, 2011. Details of the movements in share options granted by the Company during the period are disclosed in note 17 to the condensed consolidated financial statements.

MATERIAL ACQUISITIONS OR DISPOSALS OF SUBSIDIARIES OR ASSOCIATES

Establishment of Joint Venture – Flourish Lead

On 17th March, 2011, a conditional shareholders' agreement was entered into between Capital Merit Investments Limited ("Capital Merit"), a wholly owned subsidiary of PHL, and Regal Hotels Investments Limited ("Regal Investments"), a wholly owned subsidiary of RHIHL, in connection with the establishment of a joint venture company (the "JV Co.") (the "Shareholders' Agreement").

The JV Co. is to be owned by Capital Merit and Regal Investments on a 50:50 basis and treated as a jointly controlled entity of each of PHL and RHIHL. The scope of business of the JV Co. and its subsidiaries (together, the "JV Group") principally includes the development of real estate projects for sale and/or leasing and the doing of such acts, matters and things as may be necessary for or ancillary or incidental to the principal business of the JV Group as aforesaid, and the undertaking of related investment and financing activities.

The maximum total capital commitment to the JV Co. is HK\$3,800 million, which will be contributed by Regal Investments and Capital Merit in a maximum capital commitment of HK\$1,900 million each and on a pro-rata basis in accordance with their respective shareholdings in the JV Co.. The funding requirement by the JV Co. will be in stages and will be contributed in such amount and in such manner as determined by the board of directors of the JV Co.. The maximum capital commitment of each of the PHL group and the RHIHL group to the JV Co. in the amount of HK\$1,900 million is expected to be sourced by each of the PHL group and the RHIHL group from internal resources.

As the maximum capital commitment of each of the PHL group and the RHIHL group to the JV Co. is more than 25% but less than 100% of the applicable percentage ratios, the transaction contemplated under the Shareholders' Agreement (the "Transaction") constituted a major transaction for each of the Company, PHL and RHIHL and was subject to reporting, announcement and shareholders' approval requirements under Chapter 14 of the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules"). As no shareholder of either the Company or PHL is required to abstain from voting, each of the Company and PHL obtained a written approval from a closely allied group of shareholders who together hold a majority shareholding interests, in lieu of a general meeting, for the Transaction.

Further, as PHL and Capital Merit are connected persons of RHIHL, the Transaction also constituted a connected transaction for RHIHL under Chapter 14A of the Listing Rules and was subject to the approval of the independent shareholders by way of poll at a special general meeting of RHIHL (the "SGM"). At the SGM held on 28th April, 2011, the Transaction was approved by the independent shareholders of RHIHL. Flourish Lead was then established as the JV Co. following the Shareholders' Agreement became unconditional on 28th April, 2011.

Relevant details of the transactions under the Shareholders' Agreement were disclosed in the joint announcement dated 17th March, 2011 and the circular dated 8th April, 2011 (the "Circular") of the Company.

Subsequently, as was already indicated in the Circular, Flourish Lead acquired from the PHL group certain property development projects in Hong Kong as the JV Group's starting projects. According to the terms of the Shareholders' Agreement, the acquisitions of these property development projects by Flourish Lead from the PHL group were supported by independent market valuations and approved by the board of Flourish Lead with the directors nominated by Capital Merit abstaining from voting. These property development projects, which comprise the two development sites located at (i) Nos.132-140 Bonham Strand, Sheung Wan, Hong Kong and (ii) Nos.5-7 Bonham Strand West and Nos.169-171 Wing Lok Street, Sheung Wan, Hong Kong (collectively, the "Sheung Wan Properties"), were disposed to Flourish Lead by way of the transfer of 100% interests in two wholly owned subsidiaries of the PHL group to Flourish Lead at considerations based on the market valuations of the Sheung Wan Properties as stated in the relevant valuation report issued by an independent valuer appointed by Flourish Lead, being HK\$455 million and HK\$297 million, respectively, and subject to adjustments for other assets and liabilities, pursuant to two respective sale and purchase agreements both dated and completed on 6th May, 2011. Further information relating to these property development projects is mentioned in the preceding Chairman's Statement and the sub-section headed "Business Review" of this section. The above transactions relating to the Sheung Wan Properties do not constitute notifiable transactions nor connected transactions for each of the Company, PHL or RHIHL under the Listing Rules.

Transfer of Interests in a Jointly Controlled Entity of RHIHL and Cosmopolitan to Flourish Lead

On 30th June, 2011, a sale and purchase agreement was entered into between Faith Crown Holdings Limited ("Faith Crown"), a jointly controlled entity owned as to 50% each by RHIHL and Cosmopolitan, as the vendor and Flourish Lead as the purchaser in relation to the transfer of 70% effective interests in the project for the development of a property complex at Xindu District, Chengdu, Sichuan Province, PRC (the "Chengdu Property"), held through certain wholly owned subsidiaries of Faith Crown, to Flourish Lead, by way of the transfer of 70% interests in each of two relevant wholly owned subsidiaries of Faith Crown (the "Relevant Subsidiaries", and together with their respective wholly owned subsidiaries, the "Subject Group") to Flourish Lead (the "Chengdu Transaction") (the "S&P Agreement").

The consideration (comprising the considerations for the shares of the Relevant Subsidiaries and the loans to the Subject Group (the "Shareholder's Loans")) for the Chengdu Transaction (the "Consideration") was approximately HK\$1,048 million, representing the aggregate amount of (i) HK\$1,000 million (being 70% of the agreed value of the Chengdu Property, which is determined based on the appraised value of the Chengdu Property of RMB1,350 million as stated in a valuation report from an independent professional valuer jointly appointed by Faith Crown and Flourish Lead (the "Appraised Value") and after applying a discount of approximately 12% on the Appraised Value) and (ii) 70% of the combined consolidated net asset value of the Subject Group (excluding the Chengdu Property and the Shareholder's Loans) as at 31st May, 2011, and subject to adjustments.

The Consideration was adjusted on a dollar-for-dollar basis based on the combined consolidated net asset value of the Subject Group (excluding the Chengdu Property and the Shareholder's Loans) as at 30th June, 2011. The Consideration are payable in cash and by instalments pursuant to the terms of the S&P Agreement. The last instalment will be paid within three years from the date of completion of the Chengdu Transaction, and the payment of the last instalment may be extended to four years if the period to exercise the Put Option (as referred to below) is extended by the Grantee (as also referred to below).

The S&P Agreement was unconditional and the completion of the S&P Agreement took place on 14th July, 2011.

On completion of the S&P Agreement, a put option deed was executed by Faith Crown as the Grantor and one of the Relevant Subsidiaries as the Grantee in relation to the grant of an option (the "Put Option"), exercisable during the period of three years from the date of completion of the S&P Agreement (extendable to four years by the Grantee under certain circumstances), to sell (or procure the sale of) the hotel and commercial podium being constructed on the Chengdu Property to Faith Crown (or the purchaser to be procured by Faith Crown).

The Chengdu Transaction and the grant and possible exercise of the Put Option do not constitute notifiable transactions nor connected transactions for each of the Company, PHL or RHIHL under the Listing Rules. Relevant details of the transactions under the S&P Agreement were disclosed in the voluntary joint announcement of the Company dated 30th June, 2011. Further information relating to the Chengdu Property is mentioned in the preceding Chairman's Statement and the sub-section headed "Business Review" of this section.

Save as disclosed herein, during the period under review, there were no material acquisitions or disposals of subsidiaries or associates of the Company.

STAFF AND REMUNERATION POLICY

The Group, together with the RHIHL group, employ approximately 2,130 staff in Hong Kong. The Group's management considers the overall level of staffing employed and the remuneration cost incurred in connection with the Group's operations to be compatible with market norm.

Remuneration packages are generally structured by reference to market terms and individual merits. Salaries are normally reviewed on an annual basis based on performance appraisals and other relevant factors. Staff benefit plans maintained by the Group include a mandatory provident fund scheme as well as medical and life insurance.

With a view to providing long term incentives, the Company and PHL maintain the Century Share Option Scheme and a share option scheme named as "The Paliburg Holdings Limited Share Option Scheme", respectively, under which share options had been granted to selected eligible persons.

Notes to Condensed Consolidated Financial Statements

1. Accounting Policies

The condensed consolidated interim financial statements have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants. The accounting policies adopted in the preparation of the condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group’s annual financial statements for the year ended 31st December, 2010, except for the adoption of the following new and revised Hong Kong Financial Reporting Standards (“HKFRSs”), which are effective for the Group’s annual periods beginning on or after 1st January, 2011.

HKFRS 1 Amendment	Amendment to HKFRS 1 <i>First-time Adoption of Hong Kong Financial Reporting Standards – Limited Exemption from Comparative HKFRS 7 Disclosures for First-time Adopters</i>
HKAS 24 (Revised)	<i>Related Party Disclosures</i>
HKAS 32 Amendment	Amendment to HKAS 32 <i>Financial Instruments: Presentation – Classification of Rights Issues</i>
HK(IFRIC)-Int 14 Amendments	Amendments to HK(IFRIC)-Int 14 <i>Prepayments of a Minimum Funding Requirement</i>
HK(IFRIC)-Int 19	<i>Extinguishing Financial Liabilities with Equity Instruments</i>
Improvements to HKFRSs (2010)	Amendments to a number of HKFRSs

The adoption of these new and revised HKFRSs has had no material impact on the Group’s results of operation and financial position.

The Group had early adopted the Amendments to HKAS 12 *Income Taxes – Deferred Tax: Recovery of Underlying Assets* in the annual financial statements for the year ended 31st December, 2010 and the effects of this early adoption are explained below.

Amendments to HKAS 12 *Income Taxes – Deferred Tax: Recovery of Underlying Assets*

Amendments to HKAS 12 were issued in December 2010 which introduce a rebuttable presumption that deferred tax on investment property measured using the fair value model in HKAS 40 *Investment Property* should be determined on the basis that its carrying amount will be recovered through sale. The amendments also require that deferred tax on non-depreciable assets measured using the revaluation model in HKAS 16 *Property, Plant and Equipment* should always be measured on a sale basis. As a result of the amendments, Hong Kong (SIC)-21 *Income Taxes - Recovery of Revalued Non-depreciable Assets*, will be superseded once the amendments become effective. Although the amendments are effective for annual periods beginning on or after 1st January, 2012, the Group had early adopted the amendments in the Group’s annual financial statements for the year ended 31st December, 2010.

Notes to Condensed Consolidated Financial Statements (Cont'd)

Prior to 31st December, 2010, a former subsidiary of the Group, which had become an associate following the disposal by the Group of its 75% interest in the company in 2009, and Regal REIT, a former associate of Regal Hotels International Holdings Limited ("RHIHL") (the listed associate of the Company), which had become a subsidiary of RHIHL since 23rd July, 2010 had previously provided deferred tax on the fair value gains on their investment properties assuming that the carrying amounts of these properties will be recovered through use. Upon the adoption of the Amendments to HKAS 12, they now measure deferred tax on investment properties assuming that their carrying amounts will be recovered through sale. The effects of the above changes on the condensed consolidated interim financial statements are summarised below:

	2010 (Unaudited) HK\$'million
<i>Condensed consolidated income statement for the six months period ended 30th June</i>	
Increase in share of profits and losses of associates	3.8
Increase in profits attributable to non-controlling interests	(1.6)

2. Operating Segment Information

For management purposes, the Group is organised into business units based on their products and services and has five reportable operating segments as follows:

- (a) the property development and investment segment comprises the development and sale of properties, the leasing of office and commercial premises and the provision of estate agency services;
- (b) the construction and building related businesses segment engages in construction works and building related businesses, including the provision of development consultancy and project management services, property management and also security systems and products and other software development and distribution;
- (c) the hotel operation and management and hotel ownership segment engages in hotel operations and the provision of hotel management services, and the ownership in hotel properties for rental income through Regal REIT;
- (d) the securities investment segment engages in securities trading and investment businesses; and
- (e) the others segment mainly comprises the provision of financing services.

Management monitors the results of its operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/(loss), which is a measure of adjusted profit/(loss) before tax. The adjusted profit/(loss) before tax is measured consistently with the Group's profit before tax except that certain interest income, finance costs, head office and corporate gains and expenses are excluded from such measurement.

Intersegment sales and transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

	HK\$'million	HK\$'million
Current - Hong Kong Charge for the period	<u>0.1</u>	<u>0.9</u>

The provision for Hong Kong profits tax has been calculated by applying the applicable tax rate of 16.5% (2010 - 16.5%) to the estimated assessable profits which were earned in or derived from Hong Kong during the period.

Taxes on the profits of subsidiaries operating overseas are calculated at the rates prevailing in the respective jurisdictions in which they operate.

The share of tax charge attributable to associates amounting to HK\$376.1 million (2010 - HK\$2.9 million, as restated) is included in "Share of profits and losses of associates" in the condensed consolidated income statement.

No provision for tax is required for the jointly controlled entity as no assessable profits were earned by the jointly controlled entity during the period (2010 - Nil).

There was no material unprovided deferred tax in respect of the period and as at 30th June 2011.

8. Dividend

The Directors have declared the payment of an interim dividend of HK0.5 cent (2010 - HK0.4 cent) and a special interim cash dividend of HK1.0 cent (2010 - Nil), aggregating to HK1.5 cents (2010 - HK\$0.4 cent) per ordinary share for the financial year ending 31st December, 2011, absorbing a total amount of approximately HK\$48.7 million (2010 - HK\$9.6 million).

9. Earnings Per Ordinary Share Attributable to Equity Holders of the Parent

(a) Basic earnings per ordinary share

The calculation of basic earnings per ordinary share is based on the profit for the period attributable to equity holders of the parent of HK\$1,092.6 million (2010 - HK\$232.8 million, as restated) and on the weighted average of 3,183.3 million (2010 - 2,449.2 million, as adjusted for the effect of the rights issue of new ordinary shares to the qualifying shareholders of the Company on the basis of one new ordinary share for every ten existing ordinary shares held on 18th October, 2010 at a subscription price of HK\$0.48 per share) ordinary shares of the Company in issue during the period.

(b) Diluted earnings per ordinary share

The calculation of diluted earnings per ordinary share for the period ended 30th June, 2011 is based on the profit for the period attributable to equity holders of the parent, adjusted for the decrease in the Group's proportionate interest in the earnings of Paliburg Holdings Limited ("PHL"), the listed subsidiary of the Company and its subsidiaries (the "PHL Group") of HK\$13.5 million assuming all outstanding share options of PHL were exercised to subscribe for ordinary shares of PHL at the beginning of the period. The weighted average number of ordinary shares used in the calculation is the aggregate of the weighted average number of ordinary shares in issue during the period, as used in the basic earnings per ordinary share calculation, and the weighted average number of ordinary shares of 64.2 million that would be issued assuming the subscription rights attaching to all outstanding warrants of the Company were exercised to subscribe for ordinary shares of the Company at the beginning of the period. The exercise prices of the share options of the Company and RHIHL outstanding during the period are higher than the average market prices of the respective ordinary shares of the Company and RHIHL and, accordingly, they have no dilutive effect on the basic earnings per ordinary share.

The calculation of diluted earnings per ordinary share for the period ended 30th June, 2010 was based on the profit for that period attributable to equity holders of the parent, adjusted for the decrease in the Group's proportionate interest in the earnings of PHL Group of HK\$2.1 million assuming all outstanding share options of PHL and the subscription rights attaching to all outstanding warrants of PHL were exercised to subscribe for ordinary shares of PHL at the beginning of that period. The weighted average number of ordinary shares used in the calculation was the aggregate of the weighted average number of ordinary shares in issue during that period, as used in the basic earnings per ordinary share calculation and the weighted average number of ordinary shares of 89.3 million that would be issued assuming the subscription rights attaching to all outstanding warrants of the Company were exercised to subscribe for ordinary shares of the Company at the beginning of that period. The exercise prices of the share options of the Company and RHIHL outstanding during that period were higher than the average market prices of the respective ordinary shares of the Company and RHIHL and, accordingly, they had no dilutive effect on the basic earnings per ordinary share.

18. Events after the Reporting Period

The Group has announced in July 2011 the voluntary conditional cash offers for, among others, all of the issued shares of KH Investment Holdings Limited ("KH Investment") at a price of HK\$0.25 per share, being the highest price paid by the Group for the acquisition of the shares in KH Investment. Assuming that all the issued shares of KH Investment not then owned by the Group will accept the share offer, including the additional shares in KH Investment falling to be issued on exercise or conversion in full of the outstanding share options and convertible loan notes of KH Investment, the maximum amount of cash required to effect the offers would be approximately HK\$102 million.

Subsequent to the despatch of the relevant offer document in August 2011, the Group has further acquired additional shares in KH Investment at prices below the share offer price on the market. As a result, the Group's holding of shares in KH Investment has increased from approximately 29.9% to approximately 30.3%. Accordingly, the offers made by the Group have become mandatory and are only conditional upon valid acceptances having been received in respect of the shares in KH Investment which, together with the shares already held by the Group, constitute more than 50% of the voting rights of KH Investment.

Report on Review of Interim Financial Information

**To the Board of Directors of
Century City International Holdings Limited**
(Incorporated in Bermuda with limited liability)

Introduction

We have reviewed the interim financial information of Century City International Holdings Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 17 to 38 which comprises the condensed consolidated statement of financial position as at 30th June, 2011 and the related condensed consolidated income statement, statement of comprehensive income, statement of changes in equity and statement of cash flows for the six-month period then ended, and explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 "Interim Financial Reporting" ("HKAS 34") issued by the Hong Kong Institute of Certified Public Accountants.

The Directors of the Company are responsible for the preparation and presentation of this interim financial information in accordance with HKAS 34. Our responsibility is to express a conclusion on this interim financial information based on our review. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Scope of Review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with HKAS 34.
