Chairman's Statement

Dear shareholders,

I am pleased to present herewith the 2017 Interim Report of the Company.

FINANCIAL RESULTS

For the six months ended 30th June, 2017, the Group achieved an unaudited consolidated profit attributable to shareholders of HK\$105.3 million, as compared to a loss of HK\$10.2 million (as restated) for the corresponding period in 2016.

In the interim results announced by the Company in August 2016, an unaudited consolidated profit of HK\$1.3 million was stated as attributable to shareholders for the six months ended 30th June, 2016. The profit as reported has taken into account a gain on bargain purchase recognised on the acquisition by Cosmopolitan International Holdings Limited, a listed subsidiary of the Group held through Paliburg Holdings Limited, the intermediate listed subsidiary of the Company, of 60% equity interest in a logistics business in Shanghai, the People's Republic of China in May 2016, which was subject to the finalisation of the fair value estimations within 12 months from the date of acquisition. After the fair value estimations were finally determined, the gain on bargain purchase recognised in the unaudited interim results of 2016 has been adjusted downwards by HK\$27.2 million and the relevant adjustments have already been reflected in the audited financial statement of the Group presented for the financial year ended 31st December, 2016. Consequently, the interim results for the comparative period in 2016 are now restated as a loss attributable to shareholders of HK\$10.2 million.

Operating profit before depreciation and amortisation, finance costs and tax of the Group for the first six months ended 30th June, 2017 amounted to HK\$734.6 million, which was an increase of 84.6% over the comparative amount of HK\$398.0 million (as restated) recorded for the corresponding period last year. Depreciation charges for the period, most of which were related to the Group's hotel properties, amounted to HK\$298.1 million (2016 – HK\$307.8 million) which, although having no impact on cash flow, have nonetheless affected the Group's reported profit.

Supplementary information showing the adjusted net asset value of the Company of HK\$3.35 per share as at 30th June, 2017, after adjusting for the market value of the hotel properties in Hong Kong owned through Regal group on the basis therein presented, is contained in the paragraph headed "Assets Value" in the section headed "Management Discussion and Analysis" in this Interim Report.

BUSINESS OVERVIEW

The Century City Group comprises a total of five listed entities in Hong Kong, with the Company acting as the ultimate holding company of the Group. As at 30th June, 2017, the Company held approximately 62.3% shareholding in Paliburg and the core hotel and property businesses of the Group are conducted through different subsidiaries of Paliburg.

Regal Hotels International Holdings Limited, a listed subsidiary approximately 68.7% held by Paliburg as at the half year end date, primarily undertakes the Group's hotel businesses. Apart from engaging in hotel operating and management businesses, Regal has a significant portfolio of diversified business interests and held approximately 74.6% of the outstanding units of Regal Real Estate Investment Trust, a listed subsidiary of Regal which presently owns eight Regal and iclub Hotels operating in Hong Kong.

Chairman's Statement (Cont'd)

The Group's property development businesses are principally conducted through P&R Holdings Limited, which is a joint venture 50:50 owned by each of Paliburg and Regal. As Regal is a subsidiary of the Group, P&R Holdings is effectively also a subsidiary of the Company. As at 30th June, 2017, P&R Holdings also held an effective controlling shareholding interest of approximately 77.0% in Cosmopolitan (comprising interests in its ordinary shares and convertible preference shares) and, in addition, interests in the convertible bonds of Cosmopolitan. Cosmopolitan is consequently also a listed member of the Group, which is principally undertaking property development and investment in the PRC and other investment businesses.

As at the half year end date in 2017, the Group held through its wholly owned subsidiaries approximately 85% interest in a Boeing B737-800 passenger aircraft on operating lease to an airline operator and 100% interest in a Boeing B737-300F freighter aircraft on finance lease to a logistics operator. Subsequent to the half year end date, the Group has entered into an agreement in August 2017 for the disposal of the B737-800 aircraft in conjunction with the lease expiry, which will realise satisfactory profits. As at 30th June, 2017, Regal owned a fleet of 12 aircraft, including 1 aircraft that is 85%-owned. Although the size of the aircraft fleet presently owned by the Group as a whole has reduced as compared with last year, the Group is actively reviewing opportunities to replenish its aircraft fleet. In the meantime, the Group is also diligently working to establish a separate platform for its aircraft ownership and leasing business to facilitate its planned expansion.

Due to the very competitive market conditions in the property mortgage lending business in Hong Kong, the growth in the loan portfolio of Cityline Finance Limited, a wholly owned subsidiary of the Company reactivated in 2015 to conduct financial services primarily focused on property lending business, has been relatively slow. Cityline is also providing services to its affiliated companies for the property mortgage facilities offered to purchasers of units in the new property development projects undertaken by the Group.

The Group effectively owns an aggregate of 48% interests (comprising 36% held by the Regal group and 12% held through wholly owned subsidiaries of the Company) in Century Innovative Technology group (CIT), an edutainment company principally engaged in the production of education and entertainment multimedia content, products and services.

To date, CIT has developed 4 seasons constituting over 2,000 minutes of award-winning 3D animated content based on its flagship *Bodhi and Friends* characters, which have been widely broadcasted in leading children television channel in China. To support the global expansion plans of *Bodhi and Friends*, CIT is working with a leading European content production and distribution company to develop the fifth season for an international audience.

Through CIT's global licensing deal with Mattel, one of the world's largest toy companies, the first collection of *Bodhi and Friends* toys were launched earlier this year across China's major retail chains. *Bodhi and Friends* has also been licensed and distributed in Asia and Greater China by Scholastic, one of the world's largest children publishers. As further testament to the brand's growing popularity, CIT will be collaborating with a leading fast food chain to distribute *Bodhi and Friends* bilingual books in over 5,000 outlets across China.

Leveraging on its growing fan base, CIT is developing smart toys and an education platform for families in China designed to make learning fun and effective. In collaboration with a leading Chinese smart TV brand, CIT is also co-developing a smart toy that connects to smart TVs, enabling children to access the world's best edutainment content.

Management is confident that the significant expansion through our leading partnerships offering CIT's content and products will be a major step for *Bodhi and Friends* to become China's first global family brand.

The operational performance and business review of the listed members of the Group during the period under review are highlighted below.

PALIBURG HOLDINGS LIMITED

For the six months ended 30th June, 2017, Paliburg achieved an unaudited consolidated profit attributable to shareholders of HK\$159.1 million, as compared to a loss of HK\$1.2 million (as restated) for the corresponding period in 2016.

During the period under review, the overall business of the Paliburg group achieved steady progress and benefiting from the relatively buoyant conditions in the property and capital markets, it recorded sizable fair value gains on its investment properties and financial assets, as well as the write-back of an impairment loss on a property under development. Operating profit before depreciation and amortisation, finance costs and tax of the Paliburg group amounted to HK\$718.6 million, representing an increase of 80.0% over the HK\$399.3 million (as restated) recorded for the corresponding period last year. Total depreciation charges on the hotel properties owned in Hong Kong for the period amounted to HK\$258.1 million, which although not having an effect on cash flow, have nonetheless impacted Paliburg's reported profit.

BUSINESS OVERVIEW

PROPERTIES

Despite the hefty stamp duty on residential properties imposed in November 2016 and the progressive tightening of mortgage lending policies, the property market in Hong Kong during the period under review continued on the rise, with the aggregate value of the total recorded property transactions almost doubling that in the first half of 2016. The growing price of the primary sales continued to drive the residential market, as the units put on to the market by property developers were often oversubscribed.

After the completion of the "Domus and Casa Regalia" residential development at Tan Kwai Tsuen Road, Yuen Long and the iclub Ma Tau Wai Hotel in Kowloon in 2016, there are five property projects under development by P&R Holdings in Hong Kong. They are respectively, in the order of their scheduled completion, a shopping mall project in Ma On Shan, the commercial/residential development named "Ascent" in Sham Shui Po, a large scale luxury residential development in Kau To, Sha Tin, a hotel project awarded by the Urban Renewal Authority of Hong Kong in Tai Kok Tsui in Kowloon and another hotel development in Sheung Wan. While the shopping mall project in Ma On Shan and the "Ascent" development are scheduled to be completed within this year, the other two projects, apart from the hotel development in Sheung Wan, are anticipated for completion before the end of 2018.

As previously reported, in December 2016, P&R Holdings disposed of a 50% equity interest in the company that beneficially owns the iclub Ma Tau Wai Hotel to an independent third party based on an agreed value of HK\$1,300 million for the hotel, realising part of the property value. Subsequently in May 2017, P&R Holdings entered into a letter of intent with Regal REIT for the proposed sale of the entire equity interests in the company beneficially owning the iclub Ma Tau Wai Hotel at a possible consideration of HK\$1,360 million. To facilitate the contemplated transaction under the letter of intent, P&R Holdings re-acquired at the same time from the said independent third party the 50% equity interest that it sold in December 2016. The hotel licence for this 340-room hotel has since been obtained and its business operations commenced in May 2017.

Chairman's Statement (Cont'd)

On 29th June, 2017, P&R Holdings formally entered into a sale and purchase agreement with Regal REIT for the sale to Regal REIT of the entire equity interests in the group of companies that own the iclub Ma Tau Wai Hotel at a consideration of HK\$1,360 million. Under the terms of the sale and purchase agreement, P&R Holdings will procure the lessee wholly owned by Regal to lease the hotel from Regal REIT for a term of 5 years with escalating fixed rentals at an average yield of 4.5% per annum. P&R Holdings has agreed with the Regal lessee that, subject to the lease agreement becoming and remaining effective, if there is any shortfall of the total cumulative income derived from the hotel below the total cumulative payments (including rent) under the lease agreement for any of the 5 years, P&R Holdings shall account for such cumulative shortfall to the lessee after the end of each year on an annual basis. This transaction was approved by the independent unitholders of Regal REIT in July 2017 and, subject to the satisfactory fulfilment of the other conditions precedent, including the approval by the independent shareholders of Regal, the sale and purchase is expected to be completed in September 2017. Detailed information relating to this transaction is contained in the joint announcement dated 29th June, 2017 published by the Company.

In the meantime, the shopping mall project in Ma On Shan is nearing completion and the occupation permit is expected to be issued in September 2017. This project is intended to be retained for rental income and the marketing works for the leasing of the units are progressing steadily.

On the other hand, the luxury residential development in Kau To is presently scheduled to be completed in 2018 and the unit sales are planned to be launched after project completion.

The Paliburg group will continue to actively participate in the government land tenders but the competition is intense, particularly with the increasing participation of the Mainland Chinese developers. The Paliburg group is exploring alternative opportunities in Hong Kong as well as, if deemed appropriate, overseas to strengthen its development property portfolio.

Further details on the development projects and properties of P&R Holdings, Regal and Cosmopolitan are contained in the section headed "Management Discussion and Analysis" in this Interim Report.

REGAL HOTELS INTERNATIONAL HOLDINGS LIMITED

For the six months ended 30th June, 2017, Regal achieved an unaudited consolidated profit attributable to shareholders of HK\$270.3 million, an increase of about 1.3 times over the profit of HK\$119.9 million (as restated) attained for the same period in 2016.

With the gradual recovery in the tourist market of Hong Kong, the Regal group's hotel business achieved improved performance over the corresponding six months in 2016. The local stock market maintained a general uptrend during the period and the Regal group has recorded sizable fair value gains on its financial assets portfolio. Furthermore, the Regal group accounted for in the interim results under review the reimbursement from P&R Holdings the rental expenses (net of hotel operating income) with regard to the leasing of the iclub Sheung Wan Hotel for the initial 3-year term with escalating fixed rentals. Operating profit before depreciation, finance costs and tax of the Regal group for the first half of 2017 amounted to HK\$726.2 million, representing an increase of approximately 37.7% above the comparative amount of HK\$527.4 million in 2016. Depreciation charges for the period amounted to HK\$252.7 million (2016 – HK\$265.9 million), most of which were related to the Regal group's hotel properties, which although not having an impact on cash flow, have nonetheless impacted on its reported profit.

MARKET OVERVIEW

Based on the information recently released by the World Bank Group, global growth is firming and contributing to an improvement in confidence. A recovery in industrial activity has coincided with a pickup in global trade, after two years of marked weakness. Despite substantial political and policy uncertainties, global growth is projected to accelerate to 2.7 percent in 2017 and increasing further to 2.9 percent in 2018/2019. Growth in major advanced economies has strengthened and their short-term outlooks have improved. Modest recoveries should continue, with output gaps narrowing and inflation gradually converging toward central bank targets. U.S. monetary policy normalisation is expected to proceed at a measured pace and China's policy-guided gradual transition to slower but more sustainable growth continues as expected.

For the first half of 2017, the Gross Domestic Product in real terms of Hong Kong expanded by 4.0% year-on-year, doubling its 2.0% growth pace in 2016. Hong Kong's external trade grew steadily, underpinned by the generally positive global economic environment. Supported by the favourable labour market conditions and improved economic sentiment, the growth in domestic demand in Hong Kong stayed robust. However, due to a notable decrease in the value of sales of some high end and luxury commodities, the value of total retail sales is estimated to drop slightly as compared with the first half of 2016.

For the period under review, total visitors to Hong Kong amounted to approximately 27.8 million, representing an increase of 2.4% year-on-year, of which 20.9 million were visitors from Mainland China, an increase of 2.3% year-on-year. Visitors from the traditional short haul markets (excluding Mainland China) increased by 5.2% over the same period in 2016 while those from the traditional long haul markets remained stable. Of the total visitor arrivals, overnight visitors accounted for approximately 13.1 million, an increase of 5.0% when compared on a year-on-year basis.

According to the information published by the Hong Kong Tourism Board, the average hotel room occupancy level for all the surveyed hotels under different categories in Hong Kong for the half year ended 30th June increased from 84% in 2016 to 87% in 2017, while the average achieved room rate receded by 2.4%, resulting in a slight increase in the Revenue per Available Room (RevPAR) of 1.0% year-on-year.

HOTEL OWNERSHIP

As reported earlier, a wholly owned subsidiary of Regal was awarded by the Airport Authority in Hong Kong in February 2017 the development right for a new hotel project at the Hong Kong International Airport, at a consideration payable in the form of non-refundable rental payment of approximately HK\$2,188.9 million.

The hotel project is situated at a site surrounded by Terminal 2 of the Hong Kong International Airport, the Asia World-Expo and SkyPier. The hotel project is also the first phase of the mega SKYCITY Project by the Airport Authority, which contains large scale retail and offices, dining and entertainment facilities.

The new project is planned for the development of a 13-storey (including one basement floor) 1,200-room hotel with extensive banquet, meeting and food and beverage facilities. The hotel is intended to be named as the Regala Skycity Hotel, which will be operated as a full service hotel targeting at commercial, airline related, leisure and meeting businesses. This new hotel is presently scheduled for opening in 2021.

The La Mola Hotel & Conference Centre, a 186-room hotel located in Barcelona, Spain was acquired by the Regal group in October 2014. The hotel is managed and operated by the Regal group and the previous franchise arrangement has recently been terminated. The Regal group is in the final stage of discussions for the leasing of the hotel to an independent third party for hotel operation.

REGAL REAL ESTATE INVESTMENT TRUST

As at 30th June, 2017, the Regal group held 74.6% of the outstanding units of Regal REIT and Regal Portfolio Management Limited, a wholly owned subsidiary of Regal, acts as the REIT Manager.

For the six months ended 30th June, 2017, Regal REIT achieved an unaudited consolidated profit before distribution to unitholders of HK\$1,767.5 million, as compared to HK\$328.6 million reported in the corresponding period in 2016. Based on the market valuations appraised by the principal valuer of Regal REIT as of 30th June, 2017, the fair value of Regal REIT's investment property portfolio has increased by HK\$1,543.7 million over its last appraised value as of 31st December, 2016. This fair value gain has been reflected in the results of Regal REIT for the interim period, while for the comparative period last year, a fair value gain of HK\$88.0 million was recorded. If these fair value changes are excluded, the core profit of Regal REIT before distributions to unitholders for the interim period would amount to HK\$223.8 million, as compared to HK\$240.6 million for the same period in 2016.

All the eight operating hotels owned by the Regal group, namely, the Regal Airport Hotel, the Regal Hongkong Hotel, the Regal Kowloon Hotel, the Regal Oriental Hotel, the Regal Riverside Hotel, the iclub Wan Chai Hotel, the iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel, are held through Regal REIT. The five Regal Hotels, the iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel are under leases by Regal REIT to a wholly-owned subsidiary of Regal. Details of the business performance of these seven hotels during the period under review are reported in the sub-section headed "Hotel Operations" below.

The iclub Wan Chai Hotel was the first hotel operating under the "iclub" brand in Hong Kong and has been self-operated by Regal REIT since 2011. During the period, it achieved an occupancy rate of 96.6% while the average achieved room rate improved by 4.9%, reflecting an increase of 4.1% in RevPAR as compared with the first half of 2016. Aggregate net property income from this property, including the lease rentals from the non-hotel portions, amounted to HK\$10.6 million for the period, reflecting a modest improvement of 1.3% as compared to the same period last year.

As reported above, Regal REIT entered into a sale and purchase agreement in June 2017 to purchase from P&R Holdings the entire equity interests in a group of companies that own the iclub Ma Tau Wai Hotel in Kowloon. Subject to the satisfactory fulfilment of the conditions precedent, the proposed acquisition is expected to be completed in September 2017.

HOTEL OPERATIONS

Favour Link International Limited, a wholly owned subsidiary of Regal, is the lessee operating the seven hotels under leases from Regal REIT.

The five Regal Hotels in Hong Kong, which operate as full-service hotels, recorded a combined average occupancy of 86.0% during the period under review, up by 3.4 percentage points from 82.6% in the same period last year. Their combined average room rate over the same comparative period also increased by 2.3%, resulting in an improvement of 6.5% in the combined average RevPAR, which outperformed the industry average. Aggregate net property income for these Regal Hotels for the period amounted to HK\$368.6 million, representing an increase of 8.7% over the HK\$339.2 million for the same period in 2016.

The prevailing aggregate base rent for 2017 for the five Regal Hotels under the annual market rental review was HK\$733.0 million. As the aggregate net property income of these five hotels for the period was above the pro-rated base rent of HK\$366.5 million, variable rent of HK\$1.1 million would be payable to Regal REIT.

The iclub Hotels, operating under the "iclub by Regal" brand name, is a separate line of hotels developed by the Regal group, which are typically positioned as upscale select-service hotels, with contemporary designs and stylish décors, and equipped with tech-savvy facilities.

The iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel have initial lease terms running through to 31st December, 2019, each with an option for Regal REIT to extend the lease for another five years. Under the terms of the respective leases for the iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel, the first three years of the lease terms with escalating fixed annual rentals ended on 9th February, 2017 and 27th July, 2017, respectively. Thereafter, the rental packages for these two iclub Hotels will be based on annual market rental determinations. Under the market rental reviews, the pro-rated base rent for the iclub Sheung Wan Hotel for the period from 10th February, 2017 to 31st December, 2017 has been determined to be HK\$36.5 million, while the pro-rated base rent for the iclub Fortress Hill Hotel for the period from 28th July, 2017 to 31st December, 2017 will be HK\$17.6 million, each with variable rent to be based on 50% sharing of the excess of the net property income over the pro-rated base rent. Although the net property income derived from the operation of these two hotels for the period under review was below the rentals payable, their operating performances have shown considerable improvement, with their combined average RevPAR improving by 10.2% year-on-year.

Under the agreed arrangements with P&R Holdings, which was the vendor of the hotels, any shortfall in the income from the operation of the iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel below the lease payments payable by the lessee during the first three years of the lease terms will be fully reimbursed to the lessee by P&R Holdings. The reimbursement of the shortfall by P&R Holdings to the Regal group with respect to the iclub Sheung Wan Hotel has been reflected in its interim results under review. The 3-year term for the iclub Fortress Hill Hotel also ended in July 2017 and the reimbursement will be accounted for in the financial results of the Regal group for the year ending 31st December, 2017.

HOTEL MANAGEMENT

Regal Hotels International Limited, the wholly owned management arm of the Regal group, is the hotel manager providing services to all the nine operating Regal and iclub Hotels in Hong Kong. The latest addition to the portfolio is the iclub Ma Tau Wai Hotel, which is presently owned by P&R Holdings. Soft opened in May 2017, the iclub Ma Tau Wai Hotel features 340 chic and trendy guestrooms, with tech savvy facilities including mobile key check-in feature.

The Regal group is presently also managing the La Mola Hotel & Conference Centre in Spain pending the finalisation of the proposed lease to an independent third party.

In China, the Regal group is managing nine hotels, four in Shanghai, two in Dezhou, one in Xi'an, one in Zhengzhou and one in Foshan. The 186-room iclub Yuhong Hotel in Zhengzhou, opened in February 2016, is the first hotel managed by the Regal group under the iclub by Regal branding. Four other hotels to be managed by the Regal group are in the pipeline, covering strategic locations at Chengdu, Jiangmen, Kunshan and Zhengzhou.

The Regal group believes that the continuing expansion of the hotel management businesses in China will further strengthen the recognition of the "Regal" brand and promote reciprocal businesses among the Regal group's different hotels.

PROPERTIES

Pending the completion and sale of the development projects undertaken through the P&R Holdings joint venture, the Regal group is at the same time also undertaking property development business through its wholly owned subsidiaries.

As mentioned in the 2016 Annual Report of the Company, the Regal group acquired through private treaty in March 2017 the properties located at Nos. 150-158 Queen's Road West, Hong Kong, having an aggregate site area of about 480 square metres (5,178 square feet), which are planned for a commercial/residential development. The Regal group has recently further acquired units with more than 85% of the undivided shares in the adjoining properties at 160-162 Queen's Road West, which have an aggregate site area of about 187 square metres (2,012 square feet). The two properties are intended to be consolidated for development and the combined site will have a total aggregate site area of about 667 square metres (7,190 square feet).

During the period, the Regal group completed the sale of one garden house in Regalia Bay, Stanley which was held for sale and the profit derived has been reflected in the results under review. The Regal group still retains a total of 14 garden houses in Regalia Bay and will continue to dispose of some of these houses if the price offered is considered satisfactory.

With an aim to diversifying the development property portfolio, the Regal group entered into a letter of intent with an independent third party in May 2017 in relation to possible cooperation on a composite property development project in New York comprising hotel, residential condominiums, retail and entertainment mall. However, as the due diligence review has not been completed to the satisfaction of the Regal group, the letter of intent had lapsed in July 2017 and the refundable deposit paid under the letter of intent returned to the Regal group. The Regal group will continue to closely monitor the latest development of this potential project as well as other appropriate opportunities that may become available.

OTHER INVESTMENTS

The Regal group maintains a sizable investment portfolio comprising listed securities, investment funds, bonds as well as treasury and yield enhancement products. The Hang Seng Index moved up by 17.1% in the first half of 2017 and benefiting from this upward trend, the Regal group has recorded sizable fair value gains on its financial assets portfolio.

As at 30th June, 2017, the Regal group owned a fleet of 12 aircraft (including 1 aircraft which is 85%-owned), of which 3 aircraft were on operating lease, 6 aircraft on finance lease and 3 aircraft pending re-lease or disposal. To replenish the aircraft fleet, the Regal group is progressing on a letter of intent signed in July 2017 for the acquisition of a mid-life Airbus 319 model aircraft with an operating lease attached.

COSMOPOLITAN INTERNATIONAL HOLDINGS LIMITED

For the six months ended 30th June, 2017, Cosmopolitan attained an unaudited consolidated profit attributable to shareholders of HK\$35.2 million, as compared to HK\$13.1 million (as restated) for the corresponding half year in 2016.

The profit achieved by Cosmopolitan for the current period under review was mainly attributable to the fair value gains on its financial assets and the write-back of the impairment loss on its property under development in Chengdu, China.

The restatement of the profit of Cosmopolitan for the six months ended 30th June, 2016, previously stated at HK\$40.3 million, was related to the adjustment to the gain on bargain purchase recognised on the acquisition of the 60% equity interest in a logistics business in Shanghai, the PRC in May 2016, after the provisional fair value estimations made at the time of the acquisition were finally determined. The adjustment has subsequently been reflected in the audited financial statements of the Cosmopolitan group presented for the financial year ended 31st December, 2016 and, as reported below, the Cosmopolitan group has recently resold the equity interest held in the logistics business back to the original business owner in June 2017.

BUSINESS OVERVIEW

The economy in China grew steadily in the early part of this year while the domestic rebalancing from investment to consumption continued. The growth in its GDP for the whole year of 2017 is projected to slightly moderate from the 6.7% recorded for 2016. With the continuing promulgation of different administrative and fiscal policies by the government authorities to regulate market activities, the housing market in the primary cities in China is undergoing corrections but due to the spill-over effects, the housing market in some of the other cities remained strong. The property market in China as a whole is expected to further consolidate, which is considered to be beneficial to its healthy development in the long term.

The two major development projects of the Cosmopolitan group in China, namely, the Regal Renaissance in Tianjin and the Regal Cosmopolitan City in Chengdu, are making steady progress. Up to date, total contracted unit sales in Regal Renaissance in Tianjin aggregated to approximately RMB1,546 million (HK\$1,813 million), of which RMB1,418 million (HK\$1,663 million) relates to the sale of the units in the residential towers. While for Regal Cosmopolitan City, total contracted sales in respect of the residential units marketed amounted to approximately RMB767 million (HK\$900 million). Based on the present construction schedules, the residential towers under construction in these two development projects are expected to be completed and the sold units would be handed over to the purchasers before the end of this year.

With an aim to diversifying its business portfolio, the Cosmopolitan group acquired in May 2016 the 60% effective interest in a logistics group in Shanghai. Having operated the logistics business for a period of about one year and after undertaking a review of all relevant circumstances including, in particular, the performance and development progress of the logistics group and the difference in the management style of the joint venture parties, the Cosmopolitan group has agreed, after amicable negotiations with the original business owner, to accept his proposal to buy back the Cosmopolitan group's interest in the logistics group, which transaction was recently completed in June 2017.

In another effort to pursue its diversification objective, the Cosmopolitan group entered into a non-binding term sheet in early June 2017 in relation to a possible investment in a company that specialises in the development and production of entertainment content, although the business discussions did not lead to a fruitful conclusion.

While property development and investment in China will continue to constitute the Cosmopolitan group's core businesses activities, it will also continue to seek alternative investment opportunities that can diversify and broaden its business portfolio and income base.

OUTLOOK

REGAL GROUP

Looking ahead, the global economy is on course for further moderate expansion, although the heightened geopolitical tensions in various regions and increasing political and policy uncertainties are posing potential downside risks. In Hong Kong, domestic demand should remain strong and the Hong Kong Government has recently revised upwards the real GDP growth forecast for 2017 as a whole to 3-4%, taking into account the stronger-than-expected economic growth attained in the first half of the year.

The Regal group believes in the resilience of the local economy and is confident in the healthy growth of the local hotel industry as well as the overall prospects of Hong Kong. The undertaking of the new hotel project at the Hong Kong International Airport is a solid testament to its commitment to maintaining the position of the Regal group (including Regal REIT) as a pre-eminent hotel group with a strong market presence in Hong Kong.

The Regal group issued in April 2017 a new series of US\$225,000,000 6.50 per cent. guaranteed senior perpetual securities. The successful launch of this new series of perpetual securities clearly endorses the confidence of the general and corporate investors in the financial strength of the Regal group.

The Regal group has a solid asset base with strong liquidity and is well poised for further growth.

COSMOPOLITAN GROUP

Barring any unforeseen circumstances, the substantial profits to be derived from the contracted sales of the residential units in the Cosmopolitan group's development projects in Tianjin and Chengdu will be accounted for in the financial results of the Cosmopolitan group for the current financial year 2017. Consequently, it can be expected that the results of the Cosmopolitan group for the financial year ending 31st December, 2017 will be significantly better than that in the preceding year.

Given the satisfactory market response for the residential units in the Chengdu project, the Cosmopolitan group is already embarking on the development of the remaining ten residential towers in the third stage of the project. When the remaining components of its ongoing development projects in China are progressively completed and sold, they will contribute to the Cosmopolitan group substantial profits and cash flow and provide forceful momentum for its further growth and prosperity in the years ahead.

PALIBURG GROUP

Hong Kong is still in a period of negative real interest rate and so long as the low interest rate environment persists, the demand for different types of properties will remain strong. Although the supply of new developments will increase, it is not likely that the new supply will overtake the latent demand in the short term and any adjustment to the property prices is anticipated to be moderate.

The Paliburg group has a balanced asset base, well distributed among hotels, properties and other investments. While the hotels are generating steady revenues, all the property projects undertaken within the Paliburg group are scheduled to be completed progressively from this financial year onwards and are expected to contribute very significant revenues and profits to the Paliburg group in the coming few years.

CENTURY CITY GROUP

All the listed members within the Group have grown substantially in size and diversity during the past few years. As the ultimate controlling entity of the Group, the Company is reviewing different corporate proposals with an aim to working out an optimum structure that can best facilitate the continuing business expansion of its member companies and help releasing their true underlying values.

The Board of Directors of the Company is optimistic of the future prospects of the Group and will seek to secure increasing returns to its shareholders.

FINANCIAL REVIEW

ASSETS VALUE

Apart from the iclub Ma Tau Wai Hotel which is presently owned by P&R Holdings, all the other hotel properties of the Group in Hong Kong are owned by Regal REIT and, with the exception of the iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel, were stated in the financial statements at their fair values as at 7th May, 2012 when RHIHL, together with Regal REIT, became subsidiaries of the Group, plus subsequent capital additions and deducting accumulated depreciation. The market valuations of these hotel properties have since appreciated substantially but have not been reflected in the Group's financial statements. Moreover, the iclub Sheung Wan Hotel and the iclub Fortress Hill Hotel were stated in the Group's financial statements at cost after full elimination of the unrealised gain arising from the disposal of the hotels by P&R Holdings to Regal REIT in 2014, and are also subject to depreciation. For the purpose of providing supplementary information, if the entire hotel property portfolio of the RHIHL group in Hong Kong is restated in the condensed consolidated financial statements at its market value as at 30th June, 2017, the unaudited adjusted net asset value of the ordinary shares of the Company would be HK\$3.35 per share, as follows:

CAPITAL RESOURCES AND FUNDING

Funding and Treasury Policy

The Group adopts a prudent funding and treasury policy with regard to its overall business operations. Cash balances are mostly placed on bank deposits, and treasury and yield enhancement products are deployed when circumstances are considered to be appropriate.

Property development projects in Hong Kong are financed partly by internal resources and partly by bank financing. Project financing is normally arranged in local currency to cover a part of the land cost and a major portion or the entire amount of the construction cost, with interest calculated by reference to the interbank offered rates and the loan maturity tied in to the estimated project completion date. Property development projects in the PRC are presently financed by internal resources and proceeds from the presale of the units. Project financing may be arranged in local currency on appropriate terms to cover a part of the land cost and/or construction cost, and with the loan maturity tied in to the estimated project completion date.

The Group's banking facilities are mostly denominated in Hong Kong dollar with interest primarily determined with reference to interbank offered rates, while its senior unsecured notes were denominated in US dollar and Hong Kong dollar with fixed coupon interest rates. The use of hedging instruments for interest rate purposes to cater to business and operational needs is kept under review by the Group's management from time to time. As the Hong Kong dollar is pegged to the US dollar, the exchange risks are considered to be insignificant and no currency hedging has been deployed. As regards the Group's overseas investments which are based in currencies other than US dollar and Hong Kong dollar, the Group will consider hedging part or all of the investment amounts into US dollar or Hong Kong dollar to contain the Group's exposure to currency fluctuation.

Acquisition of 50% interest in Prosper Harvest Investments Limited by P&R Holdings Limited

On 23rd May, 2017, a sale and purchase agreement ("S&P Agreement 1") was entered into between Dragon Pier Investments Limited as the seller and P&R Holdings as the purchaser, relating to the acquisition of the other 50% equity interest in Prosper Harvest Investments Limited ("Prosper Harvest"), in which P&R Holdings held 50% equity interest, held by the seller at a consideration of HK\$165.7 million (the "Acquisition"). Upon completion of the Acquisition, Prosper Harvest became a wholly owned subsidiary of P&R Holdings. The principal asset of Prosper Harvest is its interest in the iclub Ma Tau Wai Hotel which is located at No. 8 Ha Heung Road, To Kwa Wan, Kowloon (the "Hotel") held through its wholly owned subsidiaries. The Hotel has commenced operation under the "iclub by Regal (富薈酒店)" brand and is in soft-opening phase.

The consideration of HK\$165.7 million was determined after taking into account the value of the Hotel with reference to its location and specifications and the market conditions regarding the hotel and tourism industry in Hong Kong, the shareholder loan (the "Shareholder Loan") owing by Prosper Harvest to P&R Holdings on date of completion of the S&P Agreement 1, and the terms of the possible transactions under the Letter of Intent (as referred to below).

Further details relating to the S&P Agreement 1 and the Letter of Intent were disclosed in the joint announcement of the Company dated 23rd May, 2017.

Disposal of 100% interest in Prosper Harvest Investments Limited by P&R Holdings Limited to Regal Real Estate Investment Trust

On 23rd May, 2017, P&R Holdings and Regal Portfolio Management Limited (in its capacity as manager of Regal REIT) executed a letter of intent (the "Letter of Intent") setting out the principal terms of the possible disposal of the entire share capital of Prosper Harvest and the Shareholder Loan by P&R Holdings to Regal REIT or its designated wholly owned subsidiary.

On 29th June, 2017, a sale and purchase agreement ("S&P Agreement 2") was entered into between P&R Holdings as vendor and DB Trustee (Hong Kong) Limited (in its capacity as trustee of Regal REIT) (the "Purchaser"), in relation to (i) the disposal of the entire issued share capital of Prosper Harvest; and (ii) the assignment of the Shareholder Loan to the Purchaser, for a consideration of HK\$1,360 million (the "Transaction"). The consideration was determined after arm's length negotiation between the parties taking into account, among others, the valuation of the Hotel of HK\$1,400 million as of 23rd June, 2017 as appraised by an independent property valuer, the Shareholder Loan and that the Prosper Harvest group shall not have any liabilities other than the Shareholder Loan at completion of the S&P Agreement 2, and the previous transactions under the Acquisition.

The Transaction under the S&P Agreement 2 was subject to the approval of the independent shareholders of RHIHL and that of the unitholders of Regal REIT. The S&P Agreement 2 was approved by the independent unitholders of Regal REIT at an extraordinary general meeting held on 20th July, 2017. A special general meeting of RHIHL will be held on 28th August, 2017 to seek its independent shareholders' approval for the S&P Agreement 2. After completion of the S&P Agreement 2, Prosper Harvest will continue to be a subsidiary of the Company, but held through the RHIHL group instead.

Further details relating to the S&P Agreement 2 were disclosed in the joint announcement of the Company dated 30th June, 2017.

On 31st May, 2016, Cosmopolitan International Holdings Limited (“Cosmopolitan”) and its subsidiaries (the “Cosmopolitan Group”) acquired from independent third parties a 60% effective equity interest in 上海禾允投資諮詢有限公司 and its wholly owned subsidiary (the “SH Logistics Group”). The fair values of the considerations transferred and identifiable net assets acquired recognised in the Group’s condensed consolidated financial statements for the six months ended 30th June, 2016 were provisional amounts. Segment performance is evaluated based on reportable segment profit/(loss), which is a measure of adjusted profit/(loss) before tax. The adjusted profit/(loss) before tax is measured consistently with the Group's profit/(loss) before tax except that certain interest income, finance costs, head office and corporate gains and expenses are excluded from such measurement.

Intersegment sales and transfers are transacted with reference to the selling prices used for sales made to third parties at the then prevailing market prices.

Taxes on the profits of subsidiaries operating overseas are calculated at the rates prevailing in the respective jurisdictions in which they operate.

7. Dividend

The Directors have declared the payment of an interim dividend of HK0.65 cent (2016 - HK0.63 cent) per ordinary share for the financial year ending 31st December, 2017, absorbing a total amount of approximately HK\$20.8 million (2016 - HK\$20.2 million).

8. Earnings/(Loss) Per Ordinary Share Attributable to Equity Holders of the Parent

The calculation of the basic earnings/(loss) per ordinary share is based on the profit for the period attributable to equity holders of the parent of HK\$105.3 million (2016 - loss of HK\$10.2 million, as restated) and on the weighted average of 3,203.8 million (2016 - 3,203.8 million) ordinary shares of the Company in issue during the period.

(b) Diluted earnings/(loss) per ordinary share

No adjustment has been made to the basic earnings/(loss) per ordinary share amount presented for the periods ended 30th June, 2017 and 2016 as the Company had no potentially dilutive ordinary shares in issue and therefore no diluting events existed throughout the periods.

In view of the aforementioned and the fact that the Group's trade debtors relate to a large number of diversified customers, there is no significant concentration of credit risk. The Group holds collateral or other credit enhancements over certain of these balances.

Further details of the restatement and its effects on the comparative amounts of the Group's condensed consolidated financial statements for the six months ended 30th June, 2017 were disclosed in note 1 above.

Notes to Condensed Consolidated Financial Statements (Cont'd)

As the SH Logistics Group was acquired by the Cosmopolitan Group at a price below its independent market valuation, a gain on bargain purchase of HK\$3.1 million was resulted and recognised in the condensed consolidated statement of profit or loss for the six months ended 30th June, 2016.

The Cosmopolitan Group issued convertible bonds - CB 2020A and CB 2020B as part of the considerations for the acquisition. Further details of CB 2020A and CB 2020B are set out in note 13 to the condensed consolidated financial statements.

As part of the acquisition, the Cosmopolitan Group was entitled to a priority right to receive dividends up to an aggregate of RMB48.0 million (HK\$53.4 million), before allocation of profits to the non-controlling shareholder, in relation to the profits generated by the SH Logistics Group. The initial amount of contingent consideration receivable recognised was HK\$9.2 million, being the fair value of the priority right to receive dividends at the date of acquisition, which was determined using the discounted cash flow model.

The fair values (which were also the gross contractual amounts) of the trade debtors and other debtors as at the date of acquisition amounted to HK\$3.6 million and HK\$0.1 million, respectively, which were expected to be collectible.

The Cosmopolitan Group incurred transaction costs of HK\$2.2 million for the acquisition. These transaction costs were expensed and included in administrative expenses in the condensed consolidated statement of profit or loss.

An analysis of the cash flows in respect of the acquisition of the SH Logistics Group was as follows:

	HK\$'million
Cash consideration	(4.2)
Proceeds from issue of convertible bonds	4.2
Cash and bank balances acquired	0.7
	<hr/>
Net inflow of cash and cash equivalents included in cash flows from investing activities	0.7
Transaction costs of the acquisition included in cash flows from operating activities	(2.2)
	<hr/>
	<u>(1.5)</u>

Since the acquisition, the SH Logistics Group contributed approximately HK\$3.7 million to the Group's revenue and a profit of approximately HK\$1.4 million to the consolidated loss for the six months ended 30th June, 2016.

Had the combination taken place at the beginning of the six months ended 30th June, 2016, the revenue and the loss of the Group for that period would have been HK\$1,519.2 million and HK\$13.5 million, respectively.

15. Disposal of Subsidiaries

Pursuant to a deed of arrangement entered into between the Cosmopolitan Group and the co-venturer, the Cosmopolitan Group completed the disposal of its 60% effective equity interest in the SH Logistics Group at a total consideration of HK\$71.0 million. Report on Review of Interim Financial Information

**To the Board of Directors of
Century City International Holdings Limited**
(Incorporated in Bermuda with limited liability)

Introduction

We have reviewed the interim financial information of Century City International Holdings Limited (the “Company”) and its subsidiaries set out on pages 27 to 55, which comprises the condensed consolidated statement of financial position as at 30th June, 2017 and the related condensed consolidated statement of profit or loss, statement of comprehensive income, statement of changes in equity and statement of cash flows for the six-month period then ended, and explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 *Interim Financial Reporting* (“HKAS 34”) issued by the Hong Kong Institute of Certified Public Accountants.

The Directors of the Company are responsible for the preparation and presentation of this interim financial information in accordance with HKAS 34. Our responsibility is to express a conclusion on this interim financial information based on our review. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Scope of Review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity* issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with HKAS 34.
